Product focus:
RMC Oil Plus 2C Interior - Cotton White
RMC Oil Plus 2C Interior - White
RMC Oil Plus 2C Interior - Natural

Client overview:

The Carana Beach Hotel, boasts 40 spacious Chalets each overlooking one of Mahé's most dramatically picturesque beaches. Carana Beach has been designed to accentuate the natural environment of this unique location with views from every room framed by lush jungle, massive granite pillars, and white-sand beaches in contrast with the blue and turquoise seas. Carana Beach Hotel offer guests authentic Seychellois hospitality, Spa and Wellness Centre, bar and lounge with relaxed atmosphere and ocean view, beachfront swimming pool and comfortable sunloungers with direct beach access.

- **Testimonial:** "The colour ranges RMC offers also complimented the resorts look & feel perfectly. RMC is also environmentally friendly with 0% VOC ratings, which makes it perfectly suited for our resort and sensitive environment of the island "

Project overview:

Rubio Monocoat (RMC) has successfully been used on a number of resort projects in Seychelles. The Rubio Monocoat range of exterior and interior products perform well in these tropical conditions, and it is easy to apply and maintain. Carana Beach Hotel required a durable product that would offer a colour palette and finished look for their wooden desk and furniture which would compliment the rest of the resort.

Product outline:

Application used in Chalets:

RMC Oil Plus 2C Interior – Cotton White

RMC Oil Plus 2C Interior - White

Colours used on the Bar:

RMC Oil Plus 2C Interior - Natural

Product overview:

RMC Oil Plus 2C is a next-generation product that colours and protects your wood in 1 single layer. The combination of the oil and the accelerator ensures a quick dry, quick cure and protection solution.

- **Available in 40 standard colours. Check also our Colour Trends for 2017!**
- Enhances the natural look and feel of the wood.
- 0% Volatile Organic Compound (VOC), does not contain any water or solvents (Eco-friendly).
- Easy to maintain.
- No overlaps or starting marks.
- Average coverage: 50 m²/L
- Can be applied to all wood types.
- Very wear-resistant.
- Water- and heat-resistant, ideal for kitchens and bathrooms.
- Very fast curing: 80% in 2 days.
- A short 'dry' maintenance period: after 5 days, the surface can be cleaned with water and soap.

Challenges overcome:

- Fast turnaround time – due to the ease of application and quick drying/curing of RMC products, key areas of the resort could again be occupied after minimal down-time.
- Transportation – Furniture was manufactured and oiled in Johannesburg, SA, and shipped to the Seychelles.
- RMC zero overlap - minor scratches from the container transit on furniture was quickly and efficiently rectified with application of RMC to affected areas, without causing overlaps.

Why choose Rubio Monocoat:

- Quick drying and curing times ensured minimal closure time for installation
- A wide variety of colors in RMC Oil Plus 2C, allowed the client to match custom colours and compliment the interior finishings of Carana Beach.

The independent laboratory Ecce (BE) has submitted our products to a gas chromatography test in order to measure their VOC content. Other than the A+ and Ü label which measures the emission after application, this test measures the VOC of the product itself.

Note: the fact that the tested products do not contain any VOC's is again confirmed with the high score on the A+ and Ü label. This again confirms our philosophy of caring for a good environment, both for the applier as for the end-consumer.
